### Committee Completing Plans for Manpower Recruitment Campaign

Harry W. Carr, 132 West Eighth st., San Pedro, is making arrangements here for the Citizens' Manpower committee's forthcoming house-to-house recruitment drive for war workers.

Carr, who is a member of the Board of Supervisors, has been heads of the Citizens' Service Corps and other civic groups on conduct of the canvass in the Torrance, Lomita, Gardena and Palms Verdes areas.

The drive, planned for the last of November or first of December, will be conducted throughout city and county, with approximately one man or woman assigned to every block in every residential section. It is planned to contact every potential worker in the area.

Purpose of Canvass  
Outlining the purpose and methods of the canvass, downtown headquarters of the committee issued the following statement:

Men and women of all ages will be asked to arrange their affairs so they may work either full or part time in war plants producing machinery for victory. Four-hour shifts for double-duty workers, who have civilian jobs, will be provided in many plants to suit convenience of the employees. Special shifts from 11 a. m. to 3 p. m. are being arranged in certain plants for mothers, who have children in school.

The U. S. Employment Service, which will "screen" prospective workers, has announced it will assign them, as far as possible, to jobs within easy travel to call at their homes.

Assuring double-duty workers they will not have to sacrifice

their civilian jobs, the War Manpower Commission has ruled that such workers will not be frozen in their war plant connection.

When door bells are rung, block interviewers will present questionnaires to ascertain the age, physical handicaps, special needs and particular occupational preferences of the prospect. All will be urged to visit the nearest USES office or to permit a USES employment specialist to call at their homes.

The Citizens' Manpower committee, it was pointed out, is a volunteer group representing labor, industry, churches, educators, women's clubs and virtually every walk of life. It is sponsored by the board of supervisors, the Los Angeles city council and Mayor Fletcher Bowron.

The committee, which is headed by LeRoy M. Edwards, hopes to recruit sufficient workers not only to man critical war industries of this area, but also to fill requirements of civilian services, which supply needs of war plant workers on the home front.

### YOUTH COMMISSION MEETING NEXT MONDAY

The Torrance Youth Commission will hold an important meeting Monday, Nov. 22, in the Civic Auditorium. All members are requested to be present.

"Know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?" This declaration of Paul to the Corinthians is the Golden Text of the Sunday Lesson Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The subject is "Soul and Body."

A Bible citation from Luke tells of a man in the synagogue, "which had a spirit of an unclean devil, and cried out. . . . Saying, Let us alone, what have we to do with thee, thou Jesus of Nazareth? art thou come to destroy us? . . . And Jesus rebuked him, saying, Hold thy peace, and come out of him, and hurt him not. And they were all amazed. . . . saying, What a word is this, that he saith with authority and power he commandeth the unclean spirits, and they come out."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

### Mail Christmas Packages Now, Plea of P.M.'s

Despite the fact that Christmas is still over a month away, and emphasizing the appeal made by postmasters of Torrance and Lomita, the postmaster general, Frank C. Walker, has requested all newspapers and other information dispensing agencies to urge every person who plans mailing anything for Christmas to get it in the mail in November.

Walker insists that the postoffice department can not assure anyone that gifts and cards mailed in the two weeks immediate preceding Christmas day will be delivered on time and hopes that the citizenry of the nation will aid the postoffice department and its seriously handicapped force throughout the country to handle the mail, by spreading out the mailings over the month of November.

Postmasters C. Earl Conner of Torrance and Earl Fishel of Lomita declare their offices are handicapped by the lack of a full complement of clerks and they will be able to secure will not be as capable as it has been in past years. Parcels mailed now should be earmarked "Don't open before Christmas."

Each day the lines grow longer at postoffice windows, the bundles carried in to the offices are becoming more numerous and as a result the postoffice department will handle the heaviest November mail in its history, it was predicted.

### Methodists Raising Special Fund for War Emergencies

A special war emergency fund of \$68,000 is being raised by the Southern California-Arizona conference of the Methodist church in order to undertake special projects to serve the religious needs of people in defense centers, according to an announcement made by Bishop James C. Baker of the denomination.

The projects will include greatly enlarged work among boys and girls to prevent juvenile delinquency in heavily populated war production communities, provide church facilities and professional workers for government housing projects, expand the religious program near Army training centers, and afford religious services to young trainees now stationed at colleges and universities.

The fund will be swelled by a special pre-Thanksgiving day thank offering to be taken in the nearly 300 Methodist churches of the conference next Sunday, Nov. 21, it was stated.

**THE WAVES DEPEND ON GREYHOUND**

Greyhound serves the WAVES with vital transportation to and from the many bases where they are on duty. In addition, a large proportion of other service men and women travel by bus to training centers, embarkation points and on leave, and many buses are used exclusively to serve military camps. This diverts buses from civilian service; however, we are making every effort to take care of the traveling public under these difficult conditions, and greatly appreciate your cooperation.
